

NetCents Technology

Pay. Your Way.

About NetCents

Our Business

NetCents Technology Inc, the transactional hub for all cryptocurrency payments, equips forward-thinking businesses with the technology to seamlessly integrate cryptocurrency processing into their payment model without taking on the risk or volatility of the crypto market.

- ✓ Publicly traded in Canada, Germany and the US (CSE:NC / Frankfurt: 26n / OTCQB: NTTCF)
- ✓ Licensed Money Service Business
- ✓ KYC, AML, IP Verification
- ✓ AI 2.0 proprietary algorithms to protect against fraud
- ✓ Instant Settlements to protect against market-volatility and illiquidity

The Opportunity

Rapidly growing market share

6% of online businesses are already accepting crypto.

Increase Sales

Access an untapped multibillion dollar coin market cap that is looking to spend their cryptocurrency holdings.

Instant Settlements

Guaranteed price protection eliminating the volatility and liquidity risk of accepting cryptocurrency. We guarantee that when you sell an item for \$50, you receive \$50 less a small transaction fee.

Guaranteed Protection

Eliminate volatility from price swings with NetCents Instant Settlements. What does that mean? If a customer makes a purchase, you will receive the exact asking amount for your products and services.

Our Solution

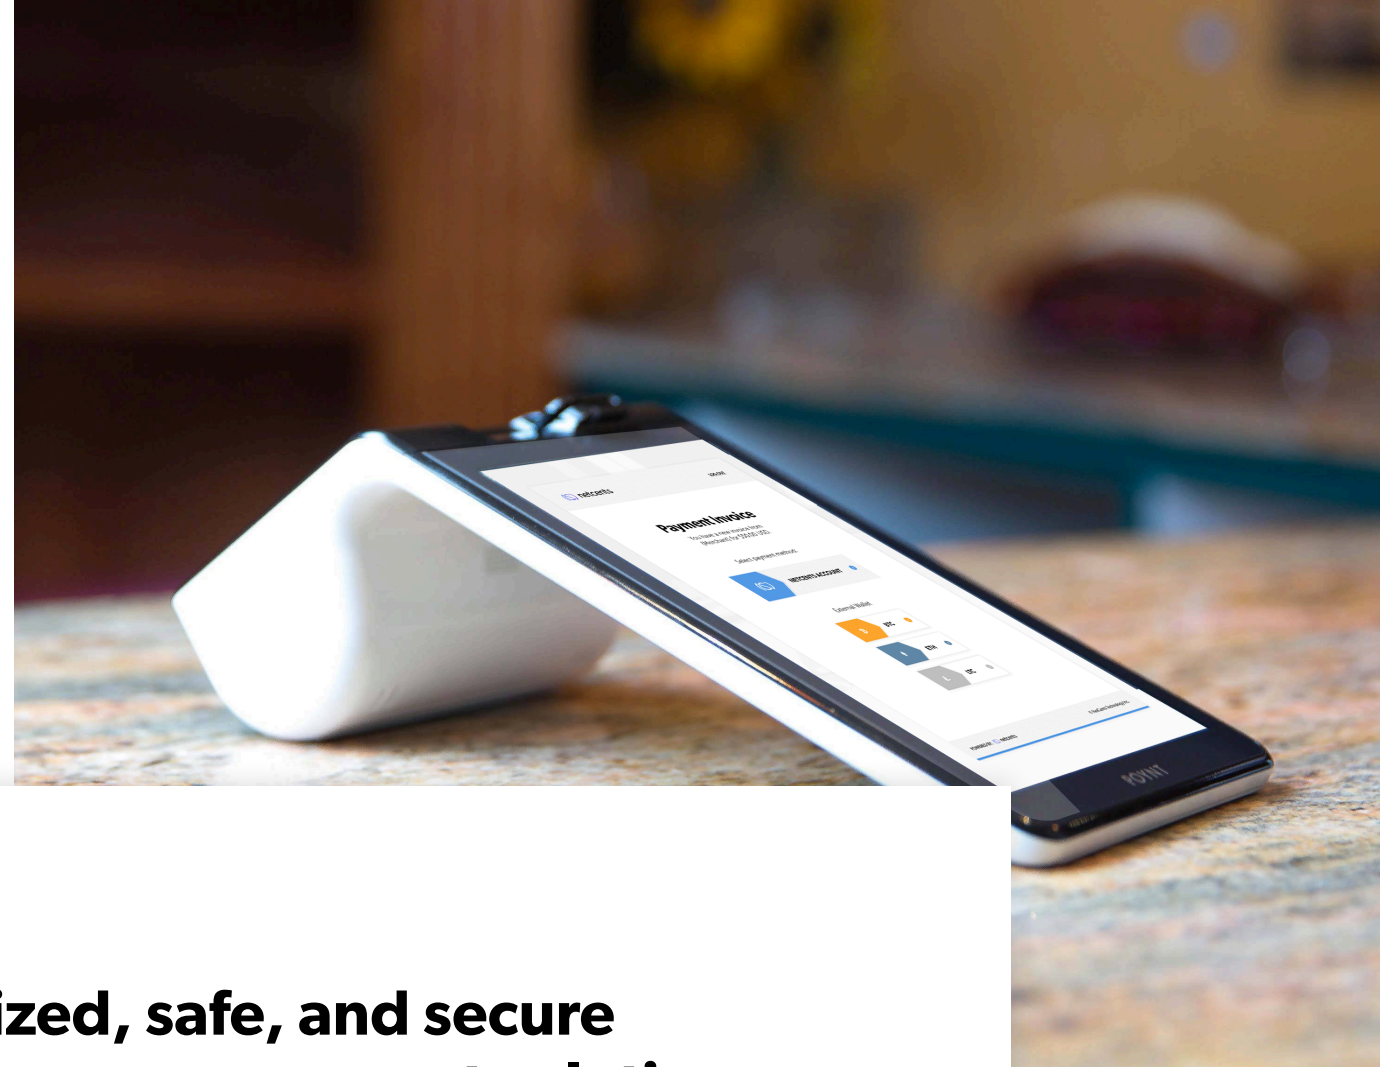

Servicing over 55 countries and 33 fiat currencies.

The transactional hub for cryptocurrency payments, providing liquidity and eliminating volatility, increasing merchant and user adoption.

Customized, safe, and secure cryptocurrency payment solution.
